

Kwalu Features

Kwalu Classic Solid Surface

- Kwalu's proprietary outer shell is a technologically advanced, robust solid surface polymer material (1/8" thick)
- Non-coated
- Offers a warm, pleasant, wood-like temperature to the touch

Moisture Impervious

- Our Kwalu material is smooth, non-porous, and liquid impervious

Proprietary Maintenance-Free Finish

- Chemical, impact, ink, and scratch resistant
- Will not chip or crack
- 100% free of short-lived catalytic lacquers, polyurethane varnishes, delicate wood veneers, and de-laminating HPL's
- Repairable with quick strokes of steel wool
- Look of wood's enduring beauty, without undertaking its costly setbacks

Easy to Clean

- Withstands rigorous cleaning regime
- 100% bleach cleanable
- Chemically resistant, entirely smooth, high-performance solid surface (1/8" thick)
- Provide long term cleanability
- Survives All EPA's Cleaning-Disinfectant Agents
- Survives Clorox's Healthcare Portfolio of Cleaning-Disinfectant Products

24/7 10-Year Performance Warranty on Kwalu-made Frames

- Kwalu's warranty is to term, not pro-rated
- Guaranteeing both the furniture construction and Kwalu finish
- For full details of warranty offered, including any bought-out items, please refer to the Terms and Conditions of Sale <https://www.kwalu.com/sales-terms-conditions/>

Eco-friendly

- LEED credits available for "Material + Resources" and "Indoor Environmental Air Quality"
- Made in North America
- 99% recycled inner-steel framing and long-lasting polymers
- CARB Compliant

Product Features

Nightingale Award

Durable Finish

Easy to Grasp Handgrip

Concealed Cleanout

Trendelenburg Mechanism

Easy to Clean

Kwalu's GetWell Patient Room was awarded a Nightingale Innovation Award for Surfacing Material.

Kwalu's solid surface (1/8" thick) proprietary finish doesn't have any of the drawbacks of wood. The frames are moisture impervious, graffiti-resistant, easy to clean and maintenance-free.

Extended arm creates easy to grasp handgrip.

Concealed cleanout eliminates a debris build-up behind the seat cushion.

While at the fully reclined position depth of 66 inches only staff can engage the latch accessible at the base on either side of the chair while pushing on back to activate the Trendelenburg mechanism.

Clorox Healthcare and Kwalu are partnering to promote cleaner surfaces. Kwalu chairs have no topical coatings, so sanitizing solutions commonly used in healthcare environments can be used – including 100% bleach – without degrading the finish.

Product Foam

Foam is compliant with CAL 117 and AB 2998
